

All Party (Parliamentary) Light Rail Group

A Cross Party Group organised by Light Rail (UK) Group

24 Jan 2024

An Urban Transport Group interview

Oliver Coppard, Mayor of South Yorkshire, was in conversation with Louisa Harrison-Walker, Chief Executive of the Sheffield Chamber of Commerce.

During the discussion, the Mayor spoke about the potential opportunities that franchised bus services could bring, the challenges of meeting net zero targets and boosting active travel, and the rationale for bringing South Yorkshire's tram network under public control.

His views on Mass Transit are far thinking and a template for those considering only Bus and Train mass Transit Schemes
